

Organizational Member Commitment Form

The following members of our organization have agreed to occupy a bed in our assigned House should they be called upon to do so and agrees to abide by the Organizational Housing Application. Additionally, each person understands that their ability to move out of the house during the year may be restricted based upon the required occupancy of the organization's assigned unit, or the discretion of the organization's President and/or House Manager. Members whose names appear on this form are not permitted to be included in any other group housing application. Indicate students and buyouts on this form. Failure to achieve occupancy will make you ineligible for organizational housing. Enter "buyout" for spaces used as buyouts. Organizations requesting an 8-person house should complete the blue sections only.

Each member below must have completed an individual housing application and will be contacted to sign this form electronically.
